This two-volume Tenth Edition shares the expertise of over 600 renowned contributors who cover the full range of psychiatry and mental health, including neural science, genetics, neuropsychiatry, psychopharmacology, and other key areas. It remains the gold standard of reference for all those who work with the mentally ill, including psychiatrists and other physicians, psychologists, psychiatric social workers, psychiatric nurses, and other mental health professionals. New authors bring fresh perspectives to the field, thoroughly update the coverage of neural science, with new sections on emerging topics, such as neurodevelopment, neuroimaging, and many more. Extensively revised sections on schizophrenia, mood disorders, anxiety disorders, geriatric psychiatry and neurocognitive disorders. Uniquely comprehensive information of psychosomatic medicine, including chapters on obesity, chronic pain, and psychiatric sequelae of critical illness. Timely information on public and global psychiatry, biological therapies, and psychotherapies. "Text within a text" coverage of child psychiatry includes thorough information on neuroimaging, assessment, genetics, sleep disorders, and the impact on parents of raising a psychiatrically disabled child. Abundant case histories add clarity and represent the vast clinical experiences and wisdom of hundreds of contributing authors.Additional Information: Delivery Time: Within 7-8 Working daysUphrred's Neurological Rehabilitation 7th EditionGet Best Quote /Thanks for Contacting Us.Approx.
