[Q & A] Read nozzles Olá! I wanted to know if there was another way to buy mugs for Messenger Messenger that is not a game purchase? I would like to buy some online, do the £ in the application, if that Á © possible. Hello everybody! So I know it's been a long time since I've posted anything. And no, I did not abandon this blog yet lol. Anyway, I've been so busy at work I barely have enough time to keep me up to date on anything, including Mystic Messenger. And as all you know, the requirements of the hourly you would need to unlock everything started getting louder and higher. It is starting to get difficult to get mugs especially for people busy like me. But there are some ways to grind by HGS, you just need a little more patience. And please never try these hacks and fraud. You do not want to be banned forever. # 1 way the good old purchase, there is nothing wrong with this and it is certain to get us a little more HGs, unfortunately, most of us are poor lololol. So let's just forget this way and try to support Cheritz in some other way hahaha. Let's just leave it to the rich. Path # 2 100 hearts for 1 hg Everyone already knows this, I'm sure. Way # 3 707 Space Nave I know the likelihood of getting HG of this is low. But it does not hurt. You could just log in anywhere you want. At the minimum, if you did not win an HG, I could still win until 200 hearts that you could convert to HG later. It is a win-win situation. # 4 Way Reinstheless Party Hasps Inviting Successful Party Hospedes give you an hourglass each. Although it is available only once. Path # 5 Play Christmas DLC This DLC is quite generous with hearts and nozzles. Even if you lose all chats in the Christmas vain, you would still be able to earn at least 3 hg. If you have maximum speed, you could just load the DLC at night and the maximum speed during all chats, and voila! You now have more hgs than ever! And during the first day, do not miss the 19:00 chat "I can not rest at Christmas." I have 6 hg in that chat and some people were supposed to be 8. And yes, you should focus on Zen. Path # 6 Repeat for the casual story repeatedly. I saw that someone was able to cultivate 4 hg just from the progue, but I only know about three. An automoty age, another was through the choice "I just wanted to talk to beautiful boys", and for the last it was "what do I do if I stay if I participate?" But please make the mind that these HGs appear only if you choose the option "(pause for a moment)" during your encounter with unknown. If you know what the other is, please tell me. # 7 way I hope an update, error or a messenger mistake because Cheritz is generous in this way. Path # 8 Be sure to log in during the birthdays of a characheta character Gratis to all! Well, that's all I could think of now. I'll be back someday.
